

ABC STEP Program recognizes SMC's Commitment to Effective Best Safety Practices

The Smith-Midland Corporation is proud of its association with Associated Builders and Contractors, Inc. in the SAFETY TRAINING AND EVALUATION PROCESS (STEP) program. This ABC program is the basis of a partnership with the Occupational Safety and Health Administration (OSHA) designed to create a three-prong attack on the task of improving SAFETY in our workplace.

Smith-Midland Corporation was recognized for the company's **SILVER LEVEL** of achievement and its ongoing efforts in the development of a quality safety program for 2010. This award recognizes the company's commitment to safety, our safety statistics, and includes a tough, honest and complete audit of our safety program.
